

# Experience the versatility of Versana Premier™ from anywhere

SEE THE VERSANA PREMIER ULTRASOUND SYSTEM IN YOUR SPACE WITH THE VERSANA PREMIER AR EXPERIENCE

**1** A smartphone or tablet device is all you need to activate the Versana Premier AR Experience.

While on your device, scan the QR code provided or click on the blue **GET STARTED** button.

**GET STARTED**

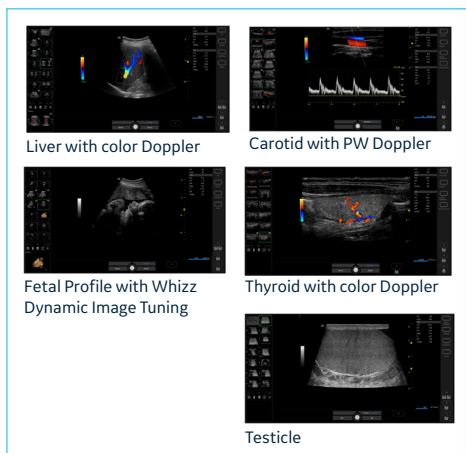

**2** Once the prompts are completed, point the camera of your device toward the preferred location and click a flat surface on your screen. Versana Premier will appear in the environment you selected.

Using the “Choose interest” drop down button, select a care area of interest from the following:

- Shared Service
- Urology
- OB/GYN

**3** Explore the Versana Premier AR Experience to see all the ways that Versana Premier can help bring your practice to the next level.

Wide selection of probes available

Choose from a **wide variety of probes** that support a broad range of applications and specialties

System displayed is Versana Premier V2. Versana Premier V2 may not be available in all countries. Probe availability may differ from country to country. Products mentioned in the material may be subject to government regulation and may not be available in all countries. Shipment and the effective sale can only occur after approval from the regulator. Contact your GE representative for details.
